

# MONOLAYER CLASSIC TUBES

Available in PE /PE GREEN/ P.C.R.

Tubopress Italia gives its own experience and versatility in the production of monolayer tubes in PE, transparent, white, colored, lacquered and printed by sophisticated processing techniques.

The Big Size 400 ml. tube, in diameter 60 mm, is an interesting choice compared to traditional packaging. This dimension allows a capacity from min. 5 ml up to max. 400 ml.

## COEX (MULTILAYER TUBES)

Available in PE /PE GREEN/ P.C.R.

COEX TUBE is an alternative packaging model, the result of a serious commitment aimed at satisfying the strong market requirements. The multi-layer tube, manufactured by the co-extrusion process, differs from the traditional tubes for its high barrier effect.
